SELLING

5 BULLS

47 FEMALES

E. S. Fanning & Sons held their first registered Shorthorn Sale in 1915. Possibly no other firm in Iowa has been regularly producing top quality Shorthorns for a longer period of time. A foundation of richly bred Scotch Shorthorn females, upon which nothing but the best bulls obtainable have been used, has resulted in one of Iowa's strongest herds.

The bulls include the six-year-old imported CLUNY POLARIS, a second prize winner at the 1952 Perth Show in Scotland. Everyone of his sires and dams in the first three generations of his pedigree have either been a first prize winner at Perth or produced a first prize winner. Four yearling sons and twenty-one daughters sell in this sale.

The females include nine cows with calves at foot, twenty-five cows and heifers close to calving, and fourteen open heifers. There will be twelve females mated to FEMCO GOLDEN GLITTER by the 1953 Canadian National Exhibition grand champion bull, Calrossie Golden Road. There will be eleven daughters of BLYTHWOOD REGALITE, a line-bred Calrossie Control bull and out of a daughter of the International grand champion, Campbell's Command. There will be five daughters of Edellyn Golden Count, one of the top senior bull calves in 1939. He was first at the Illinois and Wisconsin State Fairs, and junior champion at Ohio. His daughters have produced an International Congress bull for Claussen Brothers, a reserve champion bull at the Iowa State Sale for George Struve & Sons, an Omaha top-selling female for Ez Taylor, Shenandoah, Iowa. There will be ten daughters of Curtiss Candy Mercury 2d by the \$8,000 Denver grand champion, Edellyn Peerless Mercury.

These cattle represent a 100% producing herd, and sell in just strong breeding condition, ready to go to work for their new owners.

Buy Where Top Cattle Have Been Produced Since The Turn of The Century

E. S. Fanning & Sons of Nemaha, Iowa, held their first production sale on June 9, 1915, at the Fanning farm located 3½ miles northwest of Nemaha, Iowa. Featured in that sale was the get of a bull called Fitz Cumberland by the noted Cumberland Choice. His dam was out of the imported cow, Craibstone Baroness, described as an easy winner at the Toronto Show in 1900. She topped the Harding Sale in Chicago in 1901 at which time many high priced cattle were sold. She was described as a cow that, after winning first place at 14 major shows and retired to the breeding herd, was the kind that could win a show at any time. It has been a long time since the days of Fitz Cumberland but a lot of noted bulls have been used in the Fanning herd. There was the outstanding Edellyn Golden Count, one of the top senior bull calves in 1939. There was Blythwood Regalite, a line-bred Calrossie Control bull. There was Curtiss Candy Mercury 2d sired by the \$8,000 Denver grand champion, Edellyn Peerless Mercury, that sired many top cattle for the Fannings at the Chicago International, Iowa Royal and Sioux City Inter-state Show and Sales. Floyd Fanning has kept up this custom of using only top bulls and the present herd sire that sells in this sale, Cluny Polaris, was a second prize bull at Perth in 1952.

Here is your chance to buy over 55 years of careful breeding. The cattle are being sold in just strong breeding condition, and here is an opportunity to buy producing females with outstanding records of production at a time just right for herd expansion.
